

PREMABERG GROUP – QUALITY MANUAL

TITLE: LEADERSHIP

SECTION NO: 5.0

5.2 The Policy

Premaberg Group Quality Policy Statement

It is the policy of the Premaberg Group to operate a quality management system that will meet the requirements of BS EN ISO 9001:2015. This policy, the Group Quality Manual and The Group Operating procedures accurately describe the Quality Management System in use.

The Executive Directors and Management Team will show leadership and commitment and bear the responsibility for establishing, implementing, integrating and maintaining the Quality Management System.

The Group is committed to the involvement of all employees in the operation of the quality management system through education and training to achieve the level of quality required by its customers and assure continual improvement.

The objectives of the quality management system are to ensure that:

- ❖ products and services meet or exceed customer requirements and expectations;
- ❖ the use of positive and negative risks and opportunities to ensure that customer focus is both maintained and enhanced.
- ❖ products and services comply with applicable standards (including ISO 9001:2015), codes, specifications, statutory and regulatory requirements;
- ❖ to ensure that the resources needed for the quality management system are available
- ❖ to ensure that the quality management system achieves it's intended results through the use of internal auditing, monitoring, measuring, recording and analysis of product and processes.
- ❖ risk based thinking and the context of the organisation is used to carry out strategic planning.
- ❖ to promote improvement, PDCA and the process approach within the framework of the organisation.

The Group Q.A. Manager shall keep the Executive Directors, and the Managers of the Marine and Production Divisions advised on the adequacy of the quality management system.

This policy is communicated to all internal personnel and is available to external interested parties.
