TITLE: LEADERSHIP

SECTION NO: 5.0

## 5.2 The Policy

### Premaberg Group Environmental Policy Statement

The Premaberg Group is committed to achieving environmental best practice throughout its activities by:

- Integrating environmental sustainability into strategies, policies and operations;
- Complying with all the relevant requirements of Legislation and Regulations;
- Promoting the prudent use of natural resources and the elimination of waste and process by-products as a business commitment to the prevent of pollution;
- Providing appropriate training to employees to ensure they are competent to control the activities for which they are responsible, and so support the delivery of this policy;
- Developing awareness of employees of the impact they have on the environment and helping them recognise their responsibility of adhering to company procedures and observing instructions to minimise this impact;
- Implementing a transport and travel policy that encourages use of the sustainable transport options available;
- Working with the relevant external authorities, environmental bodies and associations to keep up to date with latest developments and to share best practice;
- Working with suppliers and contractors, where possible, to ensure the best use of natural resources and to minimise the environmental impact of their goods, supplies and services;
- Communicating this policy to the Premaberg Group's community and beyond;
- Setting targets and objectives; through allocation of capital and resources it will also seek to achieve continual environmental improvement;
- Ensuring compliance with this policy through a process of continued revision, education and regular audit.
